c. Operations & Evaluations- Chair Kamryn Stewart

Mikayala and Tucker proposed an amendment and they will come in later to discuss it. They also worked on a route for writing legislation so they will continue working on that.

V. U.S Bureau Census Speaker

Jim and Leslie spoke. Leslie speaks to government officials and community leaders about the census. There are over 6 billion dollars distributed over the states every year. She communicates to people that they want statistics, not your information. There are nine questions. They want how many people are living in the United States. Once they have that info, they break it down into how much money each state gets. Some communities do not get counted and they do not receive the money they would have gotten. Power comes with representation. March 12 will begin the time period of which the census can be filled out. If you are on campus you will be counted by officials and will not need to fill it out. They are also hiring. \$19 an hour, flexible hours.
